

Return to Campus, Post COVID-19 Closure Screening and Access Control

General

The aim of this document is to establish a screening and access control protocol that ensures the safety of the College community. This protocol also supports the local health unit to complete contact tracing should someone from the College community test positive for COVID-19.

This protocol is for all individuals who access Confederation College campuses, including students, employees, community partners and other professionals or contractors who have work arrangements with the College.

Screening

Confederation College has implemented a comprehensive screening process for all individuals who are required to access any campus building and have received approval to do so.

- All students, employees, and community partners are asked to complete Ontario's COVID-19 Self-Assessment school screening tool prior to coming to campus at <https://covid-19.ontario.ca/self-assessment> or via the Confederation College [SAFE Campus app](#).
- COVID-19 safety signage is posted on all exterior doors of buildings.
- Immediately upon entry into any of Confederation College's buildings, students, employees and community partners are greeted by a screener (Security and/or College employee).
- All individuals entering any College building are verbally screened with a set script of questions. Individuals who answer yes to any of the questions are denied entry. Questions include:
 - Do you feel unwell or are you experiencing any symptoms of COVID-19?
 - Have you been in close contact with someone currently COVID-19 positive?
 - Have you travelled outside of Canada in the past 14 days?
 - Have you travelled outside of northern Ontario in the past 7 days?

Access Control Measures

Confederation College has implemented strict access control measures that are enforced daily. Measures include:

- All Confederation College buildings have a designated entrance and exit door monitored by a screener.
- All other entrances and exits are secured to ensure access control measures and tracking. This is enforced daily by Security and there is visible signage throughout stating the same.
- All Confederation College buildings have designated hours of operation from Monday to Friday. On weekends, all buildings are closed.
- Every student, employee and community partner must be on an approved list to gain access to any Confederation College building. The lists are updated twice daily to ensure accuracy, and a printed list is also provided to all screening personnel, to ensure approval for entry is confirmed manually and electronically prior to granting access to the building.
- All entries and exits are timestamped.
- Access to approved areas is only available during the scheduled dates/times and when not scheduled for use, areas are secured.
